# WHO WE ARE

**Mumma's Luv** specializes in creating perfect customized body castings for a wide range of occasions. From capturing the delicate features of babies and the love shared by couples, to immortalizing cherished moments with pets, we craft timeless pieces for weddings, anniversaries, gifts, and other special events. Each casting is uniquely designed to preserve memories in the most personal and meaningful way.

Welcome to **Mumma's Luv**, a registered company based in **Melbourne, Australia**, with operations in Lucknow and U.K. Founded **2.5 years** ago, we embarked on a mission to transform emotions into timeless memories. Our creations capture the essence of life's milestones in a tangible, heartfelt way. Using only the finest medical-certified materials sourced from Australia, we specialize in a wide range of casting solutions, including baby castings, parent castings, couple castings, pet castings, anniversary castings, family castings, and even premium gold-plated designs. With over **3,000+ casting** deliveries and collaborations with **35+ hospitals** and gynecologist centers, we've earned a reputation for excellence and trust.
